

Standard Residency Programme in Behavioural Medicine

Position

San Marco Veterinary Clinic is currently accepting applications for a 3-year standard residency program in Behavioural Medicine, which will begin in February 2024. San Marco Veterinary Clinic is a state-of-the-art tertiary hospital with an annual caseload of approximately 11000 patients.

Requirements

The candidate must have completed a 12-month rotating internship or have similar clinical experience with a focus on behavioural medicine. It is preferable to have knowledge of both Italian and English. Publications in peer-reviewed journals and academic or recognized titles in behavioural medicine and animal welfare are recommended. The short-listed candidates will be informed of the dates and times of the in-person interviews. By January 15th, 2024, interviews will be conducted in person. Prior to the interview, short-listed candidates are encouraged to visit San Marco Veterinary Clinic.

Application

Curriculum vitae (up to date) – Letter of intent – Two reference letters – Certificates (degree, internship, professional titles) – Veterinary licensing documentation

Deadline

Please apply before December 15th 2023.

Contact

The candidate should email their application to the coordinator the program, Dr Stefania Uccheddu, DVM, MSc, Ph.D., ECAWBM-BM Diplomate, EBVS® European Veterinary Specialist in Behavioural Medicine.

Email: stefania.uccheddu@sanmarcovet.it.
